

SCHOOL DONATIONS & FUNDRAISING POLICY

SCHOOL DONATIONS

RATIONALE:

From time to time the board of trustees sets the level of the school donation and advertises it to parents. The amount is set at the first board meeting of the school year.

PURPOSE:

GUIDELINES:

The school could not operate without this donation. It is currently set at \$60 per student. \$90 per family. This amount is broken down for students who start part way through the year. Payment of the donation is voluntary.

SCHOOL FUNDRAISING

To fully fund planned activities, the school needs more money than is provided by the government. Sources of additional funds may include:

- student activity donations
- parent group fundraising
- student fundraising
- approaches to trusts and charities
- sponsorship.

As well as increasing the school's revenue, fundraising provides many benefits including:

- providing valuable experience and training to students
- involving students in service to the community
- encouraging students to value equipment they helped provide
- drawing parents more closely into the life of the school
- giving the community a sense of involvement with the school.

Fundraising is managed by the fundraising committee (HOME & SCHOOL) who work within guidelines and criteria set by the student council and board of trustees.
